A CONGRESSIONAL CATENA.

Under a good picture of Hon. Harvey Helm, candidate for Congress, in the Richmond Register, appears the following poem:

Would you have your district be strong and able, brave and free?
Fearless of all tyranny?
Vote for Helm.

Would you have your State stand safe, growing great?
Aed her future deeds relate?
Vote for Helm.

Would you like to overwhelm
Evil all throughout the realm?
Then choose one with strength of helm—
Such is Helm.

Would you have one strong and true
Who would know just what to do?
Who would know what's best for you?
Vote for Helm.

Would you have your county fall
Traitor to a neighbor's call?
If you would eat, one and all,
Vote for Helm.

Lincoln is a sister fair,
Who our burdens helped to bear,
Woe the honor that we wear
With such grace.

Should Madison fall her now?
No, she should support avow
And with welcome on her braw,
Give her place.

So, let each who fights 'gainst wrong
Raise this paean, loud and long.
"I'm a Helmman, good and strong;
I'm for Helm."

R. L. HUBLE.

Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

THE best of reports come in concerning Hon. Harvey Helm's race for Congress. In fact matters have assumed such a splendid shape that he will be nominated on the first ballot at Shelbyville on the 28th. The democracy of this district could certainly not place the honor where it more properly belongs than to nominate Lincoln's splendid young democrat. Make Mr. Helm the standard bearer and all will be well.

REPUBLICAN designs upon Kentucky have been altogether frustrated by the action of the convention. Hopes had been entertained of such a serious defection in the ranks of Kentucky democrats that the republicans thought they had a chance to steal the State. As "hope deferred maketh the heart sick," the republicans of Kentucky will soon be in need of a physician.

THE "Filipinos are not capable of self government," declare the republicans bushwackers in their political frenzy, but at the recent commencement of the law department of Georgetown University, a Filipino, a youth belonging to this despised race of Luzon, captured first prize. Yet the fulfillment of "our destiny" demands that he remain a subject of Theodore.

THE Pittsburg man who shot himself when he returned home to find that supper wasn't ready doubtless is not so anxious now for a hot meal.

POLITICAL.

William D. Wooten has been appointed postmaster at Maddox, Leslie county.

Ninety-seven of the 131 bills adopted by the last General Assembly became laws yesterday. Many of these measures carry appointments to be made by the governor.

Of the 728 delegates so far chosen to the National democratic convention, 584 are unstructured. Those instructed are as follows: For Parker, 178; Hearst, 110; Olney, 32; Wall, 26; Gray 6.

A majority of county conventions in Texas selected delegates favorable to Parker.

Judge L. E. Mass, of Morehead, has withdrawn from the race for the Democratic nomination for Congress in the Ninth district. This leaves Congressman Kehoe without opposition, and he will doubtless be declared the party nominee.

Utah Democrats elected an unstructured delegation to the National Convention, four delegates said to favor Parker and two inclined to Hearst. Because of the bitter fight over the polygamy question it was finally decided to adopt no platform whatever.

President Roosevelt announced the appointment of William S. Cochran, now chief postoffice inspector, to be purchasing agent of the postoffice department, an office created at the last session of Congress. The appointment takes effect July 1. The salary of the office is \$5,000 per year. Mr. Cochran's successor has not yet been selected.

John W. Alexander, a wealthy iron works owner of West Virginia, though a Republican, believes that Senator Gorman can carry West Virginia and that he is the only Democrat who can do so. He says: "I would support Gorman if he were nominated by any party, for I know him to be a good and safe man. I regard him as a strictly conservative man upon all public questions and I consider him the McKinley of the Democratic party. It is strange to me that the Democrats should be divided as to their candidate, for if they cannot elect Gorman they cannot elect any man. I consider him by odds the strongest man in the country, and the best timber the party has for President."

IN NEIGHBORING COUNTIES.

Mrs. Henry Hargie, of Pulaski county, is alleged to have been frightened to death by a snake.

At a vaudeville performance in a tent at Barberville a brace broke under the elevated seats and 30 people were injured, one probably fatally and three or four seriously.

Mrs. Denice Massie, of Mercer, while dipping some hens and chickens in a preparation of "sheep dip" for lice, inhaled the poison and has been unconscious for three days.

About \$23,000 of stock has been subscribed to the proposed interurban railway from Columbia to Lebanon. The amount required of Columbia and Adair county is \$50,000.

The name of our handsome Circuit Judge is destined to be "writ" on the scrolls of fame. A Boyle county admirer has named a fine thoroughbred colt Judge Bell.—Democrat.

A. C. Jenkins, living near Norton, Kansas, while beating his wife, was shot by his 11 year old daughter Jenkins was insane and had often threatened to kill his whole family.

J. M. Rothwell and John Anderson caught a catfish at the mouth of Paint Lick, Garrard county, that weighed 624 pounds. It was caught by a trot line and was transferred to Lake Placid, the water works reservoir.

Mr. and Mrs. Z. T. Elkin, of Burgin, were poisoned by eating strawberries, which were supposed to have paris green on them. They were sick for several hours but by heroic efforts on the part of the attending physician their lives were saved.

In order to conform to the new Kentucky law prohibiting the co-education of whites and blacks, the trustees of Berea College are arranging for the transfer of their colored students to other institutions. The younger pupils will be sent to the colored public schools, and those of higher grades to Fisk University, Nashville, or some similar institution.

The case of Capt. Wm. Herndon, administrator of M. W. Johnson, against the New York Life Insurance Co., for policies amounting to nearly \$60,000, was tried in Louisville last week and resulted in hung jury. Capt. Herndon tells The Record that a majority of the jurors were for Johnson. This is the case that arose shortly after Johnson's death some years ago, the companies claiming that premiums had not been paid. It will come up for trial again in November.—Central Record.

A Great Meeting.

The tent meeting at Crab Orchard conducted by the Baptist evangelist, Rev. A. A. Niles, is largely attended and remarkably successful. About 30 professions of pardon or purity are the visible results of at the present stage of the great revival. Never in the history of the town has there been such a religious awakening. The noted divine has been in the ministry for 50 years. There have been as many as 1,000 souls saved in one meeting through his instrumentality. He has read the New Testament 150 times on his knees. Through his earnest efforts 50 Baptist preachers and 100 Methodists have entered the experience of sanctification. He has challenged 200,000 men as to the truth of the grand cardinal doctrine of holiness, which he spiritually and logically maintains. In his search for truth he has pursued the works of 1,200 authors on baptism. He had 21 calls last summer for camp meetings.

From one who has attended the meeting.

CHURCH MATTERS.

The Glasgow Times contained a good likeness of Rev. J. M. Bruce, who has taken charge of the Baptist church at Horse Cave.

The Salvation Army cohorts have arranged a parade for Tuesday in New York to precede the sailing of 350 delegates to the International Congress in London.

Quite an innovation in the way of a religious service in a show tent was conducted at Lancaster Sunday afternoon under the canvas of Sun Bros., circus by Rev. C. M. Chumbley, pastor of the Presbyterian church. Several hundred people of the community were in attendance as well as the showmen. A well-selected choir furnished music, assisted by members of the Sun Bros. band.

A London dispatch says: John Alexander Dowle arrived here from Holland, and made a tour of the hotels, accompanied by his wife and son, and escorted by deacons, in search of accommodation. Everywhere he met with refusal, as the hotel managers were afraid of a repetition of rowdyism which marked Dowle's former stay here.

Ultimately being unable to find lodgings, Dowle proceeded to the Zion Methodist headquarters. These have been connected with the police telephones in anticipation of a possible onslaught by the mob.

SPEAKING—Hon. Geo. G. Gilbert and Harvey Helm spoke to a large crowd in the court house here yesterday. The former was introduced by the latter in a complimentary little speech. Mr. Gilbert said he was not here to try and get instructions from Lincoln county, not even second instructions, but merely wanted to see and talk to the people he represents in Congress. In presenting the shower Miss VanArdsdale addressed the bride-elect with the following: "Jennie, we realize with regret that your relation with us as a social member is soon to be severed and we assure you that it is with reluctance that we give you up. We trust you will accept these tokens of love and that they will ever remind you of the warm place you hold in our hearts. And may your brightest ideals of married life be fully realized." After the shower the guests repaired to the dining room where dairy refreshments were served, the hardwood table having lace cover and candelabra, with ribbons, roses and emilax decorations. THIS OUGHT TO CONVINCE

Penny Will Pay For Hyomei

Himself When it Fails to
Cure Catarrh.

"If I only knew it to be true, I would
not hesitate a moment." This is a
thought the average person has when
reading the claims of some of the medi-
cines that are advertised as cures for cat-
arrh.

The results from the use of Hyomei are
so remarkable in the cure of catarrh,
that they seem beyond belief. The fact,
though, that Mr. Penny, one of the best
known druggists in this section, has so
much confidence in the power of Hyomei
to cure catarrh that he sells it under his
personal guarantee to refund the money
if the purchasers can say that it did not
help them, ought to convince the most
skeptical that Hyomei can be relied upon
to cure all catarrhal troubles, no matter
how serious or deep-seated.

The complete Hyomei outfit, consisting
of a neat inhaler that can be carried in
the purse or pocket, a medicine dropper
and a bottle of Hyomei, costs only one
dollar. Additional bottles of Hyomei
can be procured for fifty cents, making it
the most economical of treatments.

Catarhal colds, which are so common
at this season of the year, have been cur-
ed in a day. Mild cases of catarrh that
have become chronic are frequently cur-
ed in a week or 10 days. Now is the
time to begin the use of Hyomei, remem-
bering that Penny sells every package on
a positive guarantee to refund the money
if it fails to cure.

JUDGE M. C. SAUFLEY. — We want to
go on record that we favor the aspira-
tion of Judge M. C. Saufley, of Stan-
ford, for judge of the court of appeals.

It is not altogether from the fact that
he was born in Wayne county, that we
express this sentiment, but upon the
higher and more praiseworthy ground
of his qualifications for this high position.
It is not every day nor every-
where that you find a man who posses-
ses all the earmarks of the judge, but in
him we are glad to acknowledge that
all of these elements abound in equal
prominence. His experience on the
bench is large and varied, and nature
with deliberate purpose cast his mind
in the mould of a lawyer. He has an
intuitive grasp of legal problems and
the analytical faculties in a high de-
gree and above all, that high moral
sense of justice that makes no compro-
mises whatever with fraud or those in-
fluences that so often appeal to the
weakness of the human heart. Should
Judge Saufley be so fortunate as to be
elected, we are satisfied that he will
discharge the duties of the office with
eminent ability. —Monticello Courier.

Exports of manufactures from the
United States promise to exceed in the
fiscal year 1904 those of any preceding
year. The nine months figures of the
fiscal year, just announced by the De-
partment of Commerce and Labor, show
a total of \$17,000,000 greater than the
corresponding months of the fiscal year
1900, in which the exports of manufac-
tures reached their highest figures. In
1900 the exports of domestic manufac-
tures amounted to \$133,000,000 for the
whole fiscal year, which was the high-
est figure ever recorded for the exports
of domestic manufactures from this
country. In 1901 the figures showed
\$1
